7(2) RELATED APPLICATION

The Planning Officer introduced the application.

Responding to a member's question about whether the Council would definitely seek an employment and training contribution from the applicant, the Planning Officer confirmed that the Heads of Terms as set out in Section 18 of the report included this requirement and would be expected to be part of the section 106 legal agreement.

On being put to the vote, with 6 unanimously in favour of the officer recommendation, it was

RESOLVED –

THAT

7(3) 40 BERNARD STREET, LONDON WC1N 1LE

The Planning Officer introduced the application informing the Committee that amendments had been made to para 12.4 relating to cycle parking and that the long stay provision was considered acceptable to be all two-tier racks in this instance due to the constraints of the site. Condition 8 in the main report would thus remain unchanged except that an amendment was required to reflect the correct order of plan numbers for the long stay and short-stay parking.

Responding to questions, officers provided the following information:

- In relation to the wording of the S106 legal agreement (still to be drafted) potentially securing the housing payment in lieu prior to occupation of the new office floor space, the rationale for this trigger was that the letting of the office space was the incentive for building the development, so it was unlikely that the development would be completed and then not be leased.
- The design had changed due to concerns about the extent of the metal cladding as well as the canopies which were the subject of objection by the CAAC due to the underside reflective surface. The canopies had been

removed in their entirety and the metal cladding reduced and the brick slips had been introduced to make integrate it better with the rest of the building.

On being put to the vote, with 6 unanimously in favour of the officer recommendation, it was

RESOLVED –

THAT

- 1) Planning Permission be granted subject to conditions and Section 106 legal agreement, as set out in the agenda. and
- 2) Amendments be made to the drawing numbers in condition 8 relating to cycle parking.
