1. Introduction

- 1.1. This report provides an outline of the proposed 2024/25 work programme for the Committee at Appendix A. It also presents an update on progress in following up on actions from previous meetings.

2. Terms of reference

- 2.1 The Committee has the following terms of reference:

1. To scrutinise the Council's cultural and environmental policies and the provision, planning, financing, management and performance of services relating to culture, environment, regeneration, community safety, parking strategy and operations, and the voluntary sector provided by the Supporting Communities and Corporate Services Directorates and other service providers.
2. To be the Council's Crime and Disorder Committee.

3. General information about planning the work programme

- 3.1 The work programme should be informed by the corporate priorities of the Council, the priorities of the relevant portfolio holders, and issues raised by our communities.
- 3.2 The Joint Chairs of Scrutiny have been working with the Centre for Public Scrutiny (CfPS), members of the Cabinet, other scrutiny committee members and senior officers to review the Council's scrutiny function and develop options for the future improvement of scrutiny. The Joint Chairs of Scrutiny have proposed that the following prioritisation criteria be considered as a good practice approach to supporting the ruthless prioritisation of individual scrutiny committee agenda items:
- Will improve outcomes for residents and local communities and/or value for money;
 - Is of significant relevance to residents and local communities;
 - Will contribute to the understanding and/or delivery of agreed strategic priorities;
 - Will help develop a shared understanding of a problem, its challenges, opportunities and possible solutions;
 - Will promote wider engagement with local residents, communities and the local voluntary and community sector (VCS);
 - Will increase collaborative working, sharing of information, networking and engaging across stakeholders.
- 3.3 The Committee covers a wide range of services as seen in the terms of reference. The structure chart at Appendix C identifies the key senior officers who hold these services within their divisions.
- 3.4 A provisional work programme is available at Appendix A. Further changes can be made as the Committee considers appropriate. The Committee is asked to

review the contents of the work programme and provide their views on what the Committee may wish to discuss during the 2024/25 municipal year. There may also be matters that emerge during the year that warrant amendments to the programme.

- 3.5 The Committee is also invited to consider what, if any, forthcoming key Cabinet decisions it wishes to look at in advance of those decisions being taken. Forward Plan items under the Committee's remit are set out at Appendix B.
- 3.6 An action tracker, which updates on progress in following up the Committee's actions, is at Appendix D.

4 Scrutiny Panels

- 4.1 The Committee can form scrutiny panels to look at more specific areas under its remit. These are task-and-finish panels and should be established with clear terms of reference and target date to report back to the main Committee.
- 4.2 The Committee is constitutionally limited to one panel at a time, and co-ordination of Panels should be agreed by the Joint Chairs of Scrutiny Committee to ensure effective use and co-ordination of resources across all scrutiny committees.

- 5.1 There are no legal comments arising from this report.

6 Finance Comments of the Executive Director Corporate Services
