Details of representation

I live on the 3rd floor of a Housing Association property with the bedrooms situated at the front of the block. Any noise in the street is amplified and noticeably louder in the early hours of the morning when Goodge Street is usually quieter. The proposed extension of hours for this premises would mean there is an increase in the number of people in the area in the early hours which will inevitably lead to

excess noise. Customers at the bar will inevitably make the most of being able to drink into the early hours and to consume more alcohol leading to them shouting and laughing loudly as they go outside to smoke, get some fresh air, or when they leave. Customers will also have little or no regard for local residents who will be woken up after having usually fallen asleep at this time as they have to get up early for work. Ordering or hailing taxis to go home in the early hours will also cause another issue as those leaving venues usually come to Goodge Street to sit on the benches waiting for their booked cabs excitedly laughing and screaming loudly. People also shout to hail black cabs and when the taxis arrive there's also loud car doors slamming, and engines being left running. I have already made a complaint about the noise caused by a temporary license given to the Kinkally Bar which should be noted.
