

Appendix B – HASC Action Tracker

Meeting	Item	Action	Action by	Status
24/3/26	Work Programme	That there should be a further update on the North Central London Integrated Care Board (ICB) with specific regard to the changes affecting Camden.	Senior Policy and Projects Officer	To be scheduled
24/3/26	Good Work and Employment	There were plans for a marketing campaign in GP practices, including screen advertisements. Good Work Camden was a universal service well-placed to assist older people and those with tech literacy gaps. In addition to the digital routes used, the service also offered in-person access through the staff co located in neighbourhoods, community centres, and a front door on Queen's Crescent. Further information about non digital routes could be provided to the committee.	Senior Policy and Projects Officer	The Head of Inclusive Economy responded with further information on non-digital routes.
26/2/26	Camden All-age Autism Strategy	It was noted that neurodiversity should be considered in Housing Allocations Policy, given that the suitability of housing arrangements, with factors like noise, light, and environmental surroundings, profoundly impacted the ability of autistic individuals to live fulfilling lives. The Director of Adult Social Care Strategy and Commissioning concurred with the importance of housing allocations, noting the recent appointment of an	Director of Adult Social Care Strategy and Commissioning	To be scheduled

		accommodation lead who would collaborate closely with housing colleagues on appropriate housing solutions. An update could be provided in due course.		
26/2/26	Healthwatch Camden, and NHS reforms impact	North Central London Integrated Care Board and the London Borough of Camden's Executive Director of Adults and Health bring a joint report on their plans for capturing patient voice after Healthwatch Camden is disbanded later in the year once further detailed guidance has been published.	North Central London Integrated Care Board Executive Director of Adults and Health, Camden Council	To be scheduled
26/2/26	Cabinet Member Update	More detailed information was requested on the Food Mission, given that the provided only a brief overview. The Cabinet Member acknowledged the extensive activities underway within the Food Mission space, including the food partnership, initiatives focused on food growing and production, the development of food co-operatives across the borough, with efforts to move away from traditional food bank models towards approaches that emphasised dignity and choice. It was proposed that a separate, more comprehensive update would be beneficial to provide greater detail.	Senior Policy and Projects Officer	To be scheduled
26/2/26	Cabinet Member Update	Concerns were raised about the quality assurance processes governing assessments within adult	Director of Adult Social Care Operations	The Director of Adult Social Care Operations has discussed with Cllr Burrage

		social care. This concern was prompted by a specific case involving a resident who felt unheard and found the assessment process to be deeply unsatisfactory. The Director of Adult Social Care Operations offered to discuss the case concerns with Councillor Anna Burrage outside of the meeting.		
26/2/26	Cabinet Member Update	The Cabinet Member confirmed that the Who Cares? initiative was progressing through its final stages, and a more detailed update would be provided once all insights had been thoroughly collated. It was also noted that the Casey Commission has expressed considerable interest in this work, with its findings expected to feed into the Commission's ongoing deliberations.	Senior Policy and Projects Officer	To be scheduled
