

TLP Tenant Rep Report

Stop Social Housing Stigma(SSHS) Campaign.

The last few months have been full-on for SSHS with various focus groups and attendance and speaking at various conferences around the country. It also saw the official launch of the 'Journey Planner'

We also had the pleasure listening to Florence Eshalomi, Member of Parliament (MP) for Vauxhall and Camberwell Green and recently elected Chair of Housing, Communities and Local Government Committee

- We asked her to speak to Angela Rayner on our behalf to arrange a meeting with her.
- We discussed with her that we want MPs to become SSHS members and ask her how best to make that happen

- May it be possible to set up an All Party Political Grouping on Tackling Social Housing Stigma.
- We discussed with her whether she will enable us to launch the Journey Planner report (ie. the report we will be producing in Spring of next year following the Pioneer Travellers) in the house. That means we can target MPs to attend and get a lot of good publicity.

Please use the links below to learn more about SSHS
