Joint Health Scrutiny Glossary of Terms

Acronym	Meaning
AoMRC	Academy of Medical Royal Colleges
ADHD	Attention Deficit Hyperactivity Disorder is a
	neurodevelopmental disorder that affects attention,
	behaviour, and impulsivity. Individuals with ADHD
	often have difficulty paying attention, staying
	organised, and controlling impulses.
ADSP	Advanced Data Science Platform
AIDS	Human Immunodeficiency Virus Infection and
	Acquired Immune Deficiency Syndrome
Big Conversation	Is a public engagement initiative in Greater
	Manchester, aimed at shaping the future of health
	and care services in the region. It is a collaborative
	effort between the NHS, local councils, community
	groups, and residents to gather feedback and
	insights on how to improve the health and well-
	being of the population
BMI	Body mass index is a measure of body fat based on
	height and weight. It is calculated by dividing your
	weight in kilograms by the square of your height in
	meters.
ASD	Autism Spectrum Disorder is a complex
	neurodevelopmental condition that affects a
	person's communication, behaviour, and social
	interaction. It is a spectrum disorder, meaning its
	symptoms can vary widely from person to person.

Cardiac and Artarial	A curreical an exist, that features on tracting
Cardiac and Arterial	A surgical specialty that focuses on treating
Vascular Surgery	conditions related to the heart, arteries, and veins. It
	involves surgical procedures to repair or replace
	damaged blood vessels and address heart
	problems.
Covid-19 Pandemic	(Coronavirus Disease 2019) is a contagious
	disease caused by the SARS-CoV-2 virus. It first
	emerged in Wuhan, China, in late 2019 and quickly
	spread worldwide, leading to a global pandemic.
CQC	Quality Care Commission is an independent
	regulator of health and social care services in
	England. It is responsible for ensuring that these
	services are safe, effective, compassionate, and
	high quality.
GM	Greater Manchester
GM AHSN	Greater Manchester Academic Health and Science
	Network
CVD Prevention	Cardiovascular Disease Prevention
Dermatochalasis	A condition that affects the connective tissue under
	the skin of the palm and fingers, causing the fingers
	to bend towards the palm and making it difficult to
	straighten them completely. This condition is more
	common in adults, particularly in men over the age
	of 50, and tends to progress slowly over time.
Diabetes	Is a chronic condition that affects how your body
	processes glucose, a type of sugar.
Dupuytren's Contracture	is a condition that affects the connective tissue
	under the skin of the palm and fingers, causing the
	fingers to bend towards the palm and making it
	difficult to straighten them completely. This condition
	is more common in adults, particularly in men over
	the age of 50, and tends to progress slowly over
	time.

EBI	Evidence Based Interventions
EPaCCS	Electronic Palliative Care Coordinating System
Enforcement Undertakings	Are a formal agreement between NHS England and
	an NHS organisation, like the NHS Greater
	Manchester Integrated Care Board (ICB), outlining
	specific actions the organisation must take to
	address identified failings or risks. It's a legal
	commitment to make improvements within a set
	timeframe.
Fast-Tract Cities	Mayors and other elected leaders have joined
	forces with public health officials, clinical and
	service providers, and affected communities in 300+
	cities and municipalities to action the Paris
	Declaration on Fast-Track Cities.
GMCA	Greater Manchester Combined Authority
Greater Manchester Care	A digital resource that consolidates health and care
Record (GM Care Record)	information from NHS and care services across all
	10 boroughs of Greater Manchester. This unified
	record is designed to improve healthcare services
	and outcomes for the region's 2.8 million citizens.
GM ICP	Greater Manchester Integrated Care Partnership
GM IPC Strategy	Is a comprehensive plan outlining the vision and
	goals for improving health and care services in
	Greater Manchester. It sets out how the Greater
	Manchester Integrated Care Partnership intends to
	work together to address the health needs of the
	2.8 million residents of the region.
HPV	Human papillomavirus
NIHR	The National Institute for Health and Care Research
HCV	Hepatitis C
HIV	Human Immunodeficiency Virus

HIV Action Plan 2021	The UK Government released Towards Zero: the
	HIV Action Plan for England in 2021, setting out its
	priorities to end new HIV transmissions between
	2022 and 2025. The plan came with £20 million of
	funding over three years (2022 to 2025) to expand
	HIV opt out testing in emergency departments.
Hyperhidrosis	A medical condition characterised by excessive
	sweating that goes beyond what's necessary for
	regulating body temperature.
ICB	Integrated Care Board
ICS	Integrated Care System
JHS	Joint Health Scrutiny
Labiaplasty	Labiaplasty is a surgical procedure to alter the size
	and/or shape of the labia, the folds of skin
	surrounding the vaginal opening.
Lived Experience	Refers to the personal experiences and
	perspectives of individuals who have directly
	encountered a particular situation or condition.
LGBTQ+	Lesbian, Gay, Bi, Trans, Queer, Questioning and
	Ace
LTC	Long Term Condition
MAHSC	Manchester Academic Health Science Centre
Мрох	Formerly known as monkeypox is a rare disease
	caused by infection with the Mpox virus.
NHSE	NHS England
NHS England Service	Is a platform or process used by NHS England to
Reconfiguration Gateway	manage and oversee changes to healthcare
	services within the NHS in England. Its purpose is
	to ensure that any proposed changes to services
	are aligned with the NHS's strategic objectives, are
	evidence-based, and will improve the quality and
	efficiency of care.
	·

NICE	The National Institute for Health and Care
	Excellence (NICE) is an independent organisation
	in the United Kingdom that provides evidence-
	based guidance and advice on health and social
	care.
NDG	Non-demographic growth refers to increases in
	healthcare spending that are not directly attributable
	to changes in population size or age structure. It
	essentially captures the factors beyond basic
	population growth that drive healthcare costs up.
O&S	Overview & Scrutiny
Orthoses	Are externally applied devices designed to support,
	align, prevent, or correct deformities or to improve
	the function of movable parts of the body
Pinnaplasty	Pinnaplasty, also known as otoplasty, is a surgical
	procedure to reshape or reposition the ears.
PISA	Programme for International Student Assessment
PLCV	Procedures of Limited Clinical Value are medical
	treatments or procedures that have been identified
	as having little or no proven benefit for patients, or
	where the risks may outweigh the benefits.
Rhinoplasty	A medical procedure that involves surgically altering
	the shape of the nose.
SNM	Sacroneuromodulation is a medical procedure that
	involves implanting a device to stimulate the sacral
	nerves, which are located near the tailbone. These
	nerves control the bladder, bowel, and pelvic floor
	muscles.
Safety Medication	an innovative IT system designed to enhance
Dashboard (SMASH)	medication safety in primary care
	settings. Developed by the University of
	Manchester, SMASH aims to prevent hazardous
	prescribing.
