Attachment A

Application for the Review of the Club Premises Certificate

Basement Floor, 235 Amhurst Road, London N16 7UN

The London Borough of Hackney—Environmental Protection is formally requesting a review of the club premises certificate for Basement Floor, 235 Amhurst Road, London N16 7UN. This application is based on the licensing objective, the prevention of public nuisance.

Scobbles Domino Club, Basement Floor, 235 Amhurst Road, London N16 7UN

The premises, which trades as Scobbles Domino Club, is located at the basement level to the rear of 235 Amhurst Road, adjacent to Scoble Place. The immediate area fronting Amhurst Road is of mixed-use, consisting of a three-story terrace parade with commercial properties on the ground floor and residential units on the upper floors. The dominant noise climate in the vicinity is road traffic noise during the day, which significantly reduces at night.

Location Plan - Basement Floor 235 Amhurst Road, London N16 7UN

The club premises certificate permits regulated entertainment in the form of recorded music. For a detailed summary of the operating schedule for all licensable activities, including the conditions applicable to the prevention of public nuisance, please refer to **Appendix 1**.

Environmental Protection has received ongoing noise complaints regarding loud amplified music emanating from the venue. There have been a total of 21 official noise complaints over the ten-month period from 4 January 2025, to 28 October 2025. A detailed summary of these complaints is provided in **Appendix 2**.

In line with the Enforcement Concordat, Environmental Protection Officers have consistently engaged with the Club Premises Certificate Holder and provided advice on potential noise mitigation measures on separate occasions. Despite these repeated efforts statutory noise nuisance and continuous noise complaints caused by live and recorded music have not curtailed.

An account of the noise nuisance complaints where statutory noise nuisance was witnessed and subsequent action was taken are provided as follows;

1st Statutory noise nuisance witnessed on 16 February 2025

A complaint regarding very loud music was registered with the Council's Out of Hours Noise Service at 01:22 on 16 February 2025. Environmental Protection Officers visited the complainant's home at 01:48. A subjective noise assessment conducted in the living room, confirmed that the audible bass content of the music was at a level sufficient to prevent or disturb sleep. Officers visited the Basement Floor, Bar 235, Amhurst Road at 01:55 and requested the owner, Mr Victor Noel, turn off the music, which he did. On 17 February 2025, at 11:14, the ward Senior Environmental Protection Officer called the complainant, who advised that the loud music had resumed shortly after the officers left the area that night.

Noise Abatement Notice served on 28 March 2025

A Noise Abatement Notice was prepared and served on the Premises Licence Holder, Mr Victor Robin Noel, on March 28, 2025, at 15:41. The notice was delivered by hand to 23 Banbury House, Banbury Road, London E9 7EB, the address officially provided to Hackney Licensing. The attending officer met Mr Steven Smith at the door, who identified himself as the legal tenant of the property. Mr Smith stated that while he did not know Mr Noel personally, he confirmed Mr Noel occasionally visits the address to collect his post. The notice was left at the address.

2nd Statutory noise nuisance witnessed on 4 May'25

The Out of Hours service received multiple complaints of loud music on 2 May 2025 at 23:39 and 20:53, and 3 May 2025 at 21:46. Officers visited the complainant's premises at 00:05 on 4 May 2025. The music was clearly audible in the bedroom at a level that would disturb sleep, constituting a statutory nuisance and a contravention of the Abatement Notice. Officers visited the club at 00:23 on 4 May 2025, and requested that the owner reduce the music level, which he complied with. He was formally advised that the noise levels constituted a breach of the Notice and was recommended to engage a noise consultant and install a sound limiting device.

Statutory nuisance warning letter

Following the second substantiated incident of statutory noise nuisance, a statutory nuisance warning letter dated 12 May 2025, regarding the contravention of the Noise Abatement Notice, was sent to Mr. Victor Robin Noel at 23 Banbury House, Banbury Road, Hackney E9 7EB. (Please see **Appendix 3**).

3rd Statutory noise nuisance witnessed on 24 May'25

The Council's Out of Hours Noise Service received further noise complaints on 24 May 2025, at 20:35 and 21:43. The Environmental Protection Officers visited the complainant's home at 22:57 and conducted a subjective noise assessment in both the front and back rooms, which were used as bedrooms. The officers confirmed that the music was audible in both rooms at a level that would prevent sleep and deemed the noise to be a statutory nuisance in contravention of the noise abatement notice.

Follow up action on witnessing noise nuisance

A Senior Environmental Protection Officer contacted Mr Victor Noel at 18:30 on 30 May 2025. Mr Noel claimed he had not received the previous Noise Abatement Notice and stated that the premises is now operated by 235 Basement Social Club Ltd. He indicated that he would continue to play music, but at a reduced volume, and would invest in sound insulation.

Noise Abatement Notice reserved on 10 June'25

A Senior Environmental Protection Officer visited 11 Heron Court, Elmsworth Grove SE21 8RQ, on 10 June 2025, at 17:10. A Noise Abatement Notice was formally served on the premises license holder, Mr Victor Robin Noel, by handing the document in a sealed envelope to Ms Carol Keen. Please refer to **Appendix 4**.

Case Summary

As the Environmental Protection Manager, I have inspected the documentary records on file relating to Basement Floor, 235 Amhurst Road, London N16 7UN. I can confirm that Environmental Protection has received a total of 21 noise complaints concerning loud amplified music over a 10-month period, from 4 January 2025 to 28 October 2025. Three of these complaints on 16 February 2025, 3 May 2025 and 24 May 2025 were independently substantiated as statutory noise nuisance under the Environmental Protection Act 1990.

Conclusion

Mr Noel, the Club Premises Certificate Holder for Basement Floor, 235 Amhurst Road, was informed when officers substantiated statutory noise nuisance. Mr Noel has had sufficient time to engage the assistance of an acoustics consultant to implement remedial works or noise control measures to ensure that the licensing objective the prevention of public nuisance is promoted. There is substantial evidence provided in this application to confirm that the current controls on noise levels for both recorded and live music from Basement Flat, 235 Amhurst Road, London N16 7UN are substantially ineffective. Given the persistent issues and the failure to effectively mitigate noise nuisance, I believe that a review of the Club Premises Certificate is a fair and just course of action to ensure the licensing objective of preventing public nuisance is achieved and maintained in the future.

Recommendations**Exclude a licensable activity from the Premises License.**

Under Sections 177A (4) and 52 (b) of the Licensing Act 2003, I request to lift the suspension of relevant conditions and give renewed effect to live music as regulated entertainment between 08:00hrs to 23:00hrs. I then further seek under section 1177A(4) and 52(4)(b) to remove Live Music and Recorded Music in its entirety as a licensable activity from the Premises License.

Mr Victor Robin Noel

Ref: 98
Date: 10th June 2025

Dear Mr V R Noel,

RE: Environmental Protection Act 1990 Section 80 - Noise Nuisance from, Basement Floor, 235 Amhurst Road, London N16 7UN.

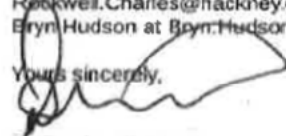

This Council has a responsibility under the Environmental Protection Act 1990 to ensure that residents can enjoy the comfort of their own home without being unduly affected by an unreasonable level of noise nuisance. An Environmental Protection officer operating on the Council's Out of Hours Noise Response Service received a complaint regarding loud amplified music emanating from your establishment at 01:22 hrs on 16th February 2025.

The officer investigated this complaint at 01:48hrs on 16th February 2025 and confirmed that in their professional opinion the complaint was justified because the noise from the loud amplified music was intrusive enough to prevent sleep within neighbouring premises.

You should be aware that causing noise nuisance is an offence for which the Council can take legal proceedings. A successful prosecution can result in an **unlimited fine** and a **criminal record** being imposed. As the Legal Occupier of these premises you are responsible for the cause of the nuisance.

I attach with this letter a noise abatement notice, which requires you to take steps to ensure that noise nuisance does not occur again. If you ignore this notice, the Council may have to begin the legal process mentioned above. If you wish to discuss this letter further, or the requirements of the enclosed notice, please email Mr Rockwell Charles at Rockwell.Charles@hackney.gov.uk or the ward Senior Environmental Protection Officer Mr Bryn Hudson at Bryn.Hudson@hackney.gov.uk.

Yours sincerely,

Mr Rockwell Charles

Representations (which include comments and/or objections) in relation to:

I write to make a representation in relation to this application.

The Environmental Health Officer has compiled a comprehensive account of persistent noise nuisance which has occurred over a prolonged period as a result of the music entertainment being carried on at 235 Amhurst Road. Environmental Protection received a total of 21 noise complaints concerning loud between 4 January 2025 to 28 October 2025.

Despite three of these complaints being substantiated as statutory noise nuisance under the Environmental Protection Act 1990, the club appears unwilling to resolve these matters and instead continues to operate the premises in a manner which severely undermines the public nuisance objective.

The attention of the sub-committee is drawn to paragraph 11.18 of the Guidance issued by the Home Office under s182 of the Licensing Act 2003 which states:

11.18 However, where responsible authorities such as the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to address concerns, licensing authorities should not merely repeat that approach and should take this into account when considering what further action is appropriate.

It is therefore the view of the Licensing Authority that any deregulation/exemptions in relation to the carrying on of music entertainment should be removed and any provision for live music and recorded music should be excluded from the scope of the certificate.

The above representations are supported by the following evidence and information.

Revised Guidance issued under section 182 of the Licensing Act 2003 - December 2023, Statement of Licensing Policy 2023, experience and knowledge of the local area, historic enforcement records.

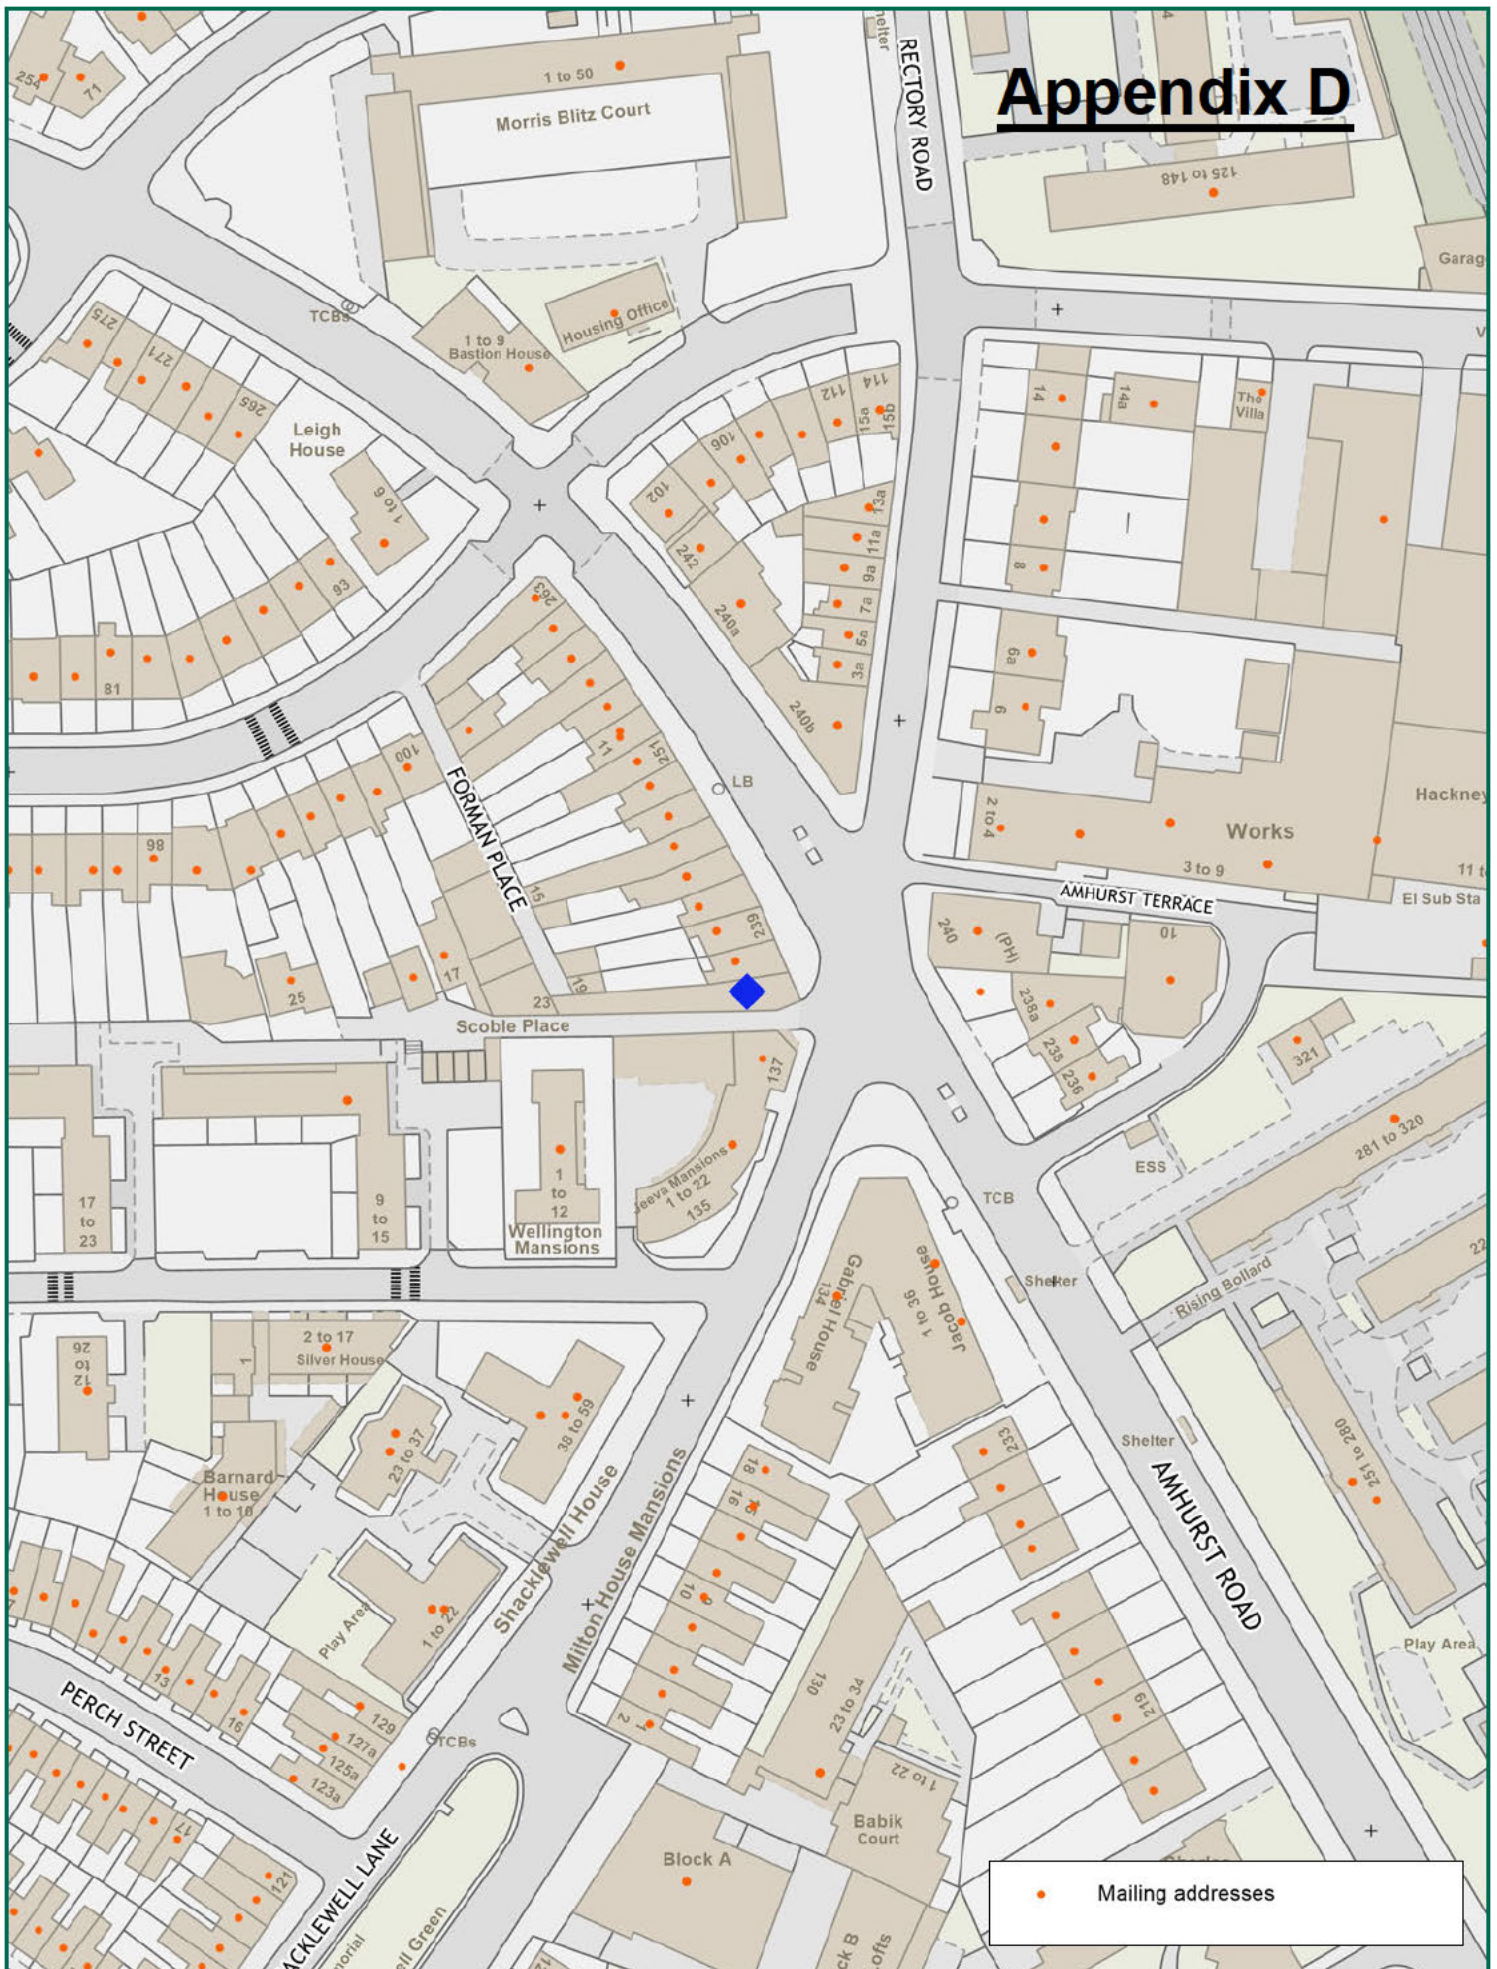

Are there any actions or measures that could be taken to allay concerns or objections? If so, please explain.

- As detailed above.
