Metropolitan Borough Council

Applying for a Premise Licence

Guidance for Applicants (Appendix 2)

The Gambling Act 2005

All gambling activities (with the exception of the National Lottery and spread betting) are regulated by the Gambling Act 2005. Gambling is defined in the Act as either gaming, betting or taking part in a lottery. The type of activities covered by the act includes:

- Betting
- Bingo
- Casino gaming
- Prize gaming
- Use of gaming machines
- Lotteries, raffles

As the Licensing Authority we are responsible for licensing premises where gambling takes place, and provide authorisations to gamble in premises where gambling is not the main activity (for example gaming machines in pubs). The Gambling Commission are responsible for licensing operators and individuals involved in providing gambling and betting facilities.

About a Premises licence

Any premises where gambling facilities are provided must have a premises licence, issued under the Gambling Act 2005. A Premises Licence is a permanent licence, granted in respect of a specific location, which authorises the licence holder to carry out licensable activities. As well as the main activity, a premises licence may also allow the use of certain categories of gaming machines.

Under the Gambling Act 2005 we are the licensing authority for:

- **Betting shops:** Premises such as high street shops, at which a licensed bookmaker will take bets on races and sporting events happening elsewhere
- **Betting at tracks:** Areas at racecourses and other premises where a race or other sporting event takes place (e.g. a venue staging a boxing match), at which licensed bookmakers will be taking bets on a race or sporting event happening at that location
- **Bingo halls:** Premises at which games of commercial prize bingo are regularly played
- **Casinos:** Premises where people can participate in one or more casino games. Casinos licensed under the previous legislation are able to continue to operate. New casino licences are restricted under the Gambling Act 2005. This authority has resolved not to issue new casino premises licences. Neither are there any casinos in the borough with preserved entitlement.
- **Adult gaming centres:** Amusement arcade premises making gaming machines available for use by over-18s only
- **Family entertainment centres:** Amusement arcade premises making gaming machine available for use by persons of all ages

Except in the case of betting at tracks, a premises licence cannot allow the use of premises for more than one of the activities listed above. Only one licence can be held.

Once a licence is granted it will be valid for the life of the business, or until it is surrendered or revoked. A licence holder can apply to vary the terms and conditions of the licence at any time.

Where a premises creates problems which impact on any of the three licensing objectives, a licence can be called in for review by interested parties or responsible authorities.

An annual fee is payable on the anniversary of the grant of the licence.

Gaming machine entitlements

In addition to permitting specific types of gambling activity, Premises Licences also allow a number of gaming machines to be operated within the licensed premises. Under the Act, gaming machines are divided into

categories, dependent on their maximum stake and prize amounts, and where they may be provided. More information on gaming machines can be found on the [Gambling Commission website](#).

Who can apply for a premises licence

Only people (and that includes companies or partnerships):

- Who have the right to occupy the premises
- Who have an operator's licence or have applied for an operator's licence from the [Gambling Commission](#)
- Are over the age of 18

Applying for a licence

The following guidance explains the procedures needed to apply for a premises licence under the Gambling Act 2005.

The Council's policy on the Gambling Act should be read before completing the application form.

The standard hours for the opening of premises are set by the Government. You can, however, apply to modify those hours when you make your application. Details of the standard hours (known as the default conditions) are contained within this document.

An operating licence from the Gambling Commission must be in force prior to the premises licence being granted.

This is not statutory guidance and does not form any part of the Licensing Authority's Policy (which is available separately). The leaflet does not replace the 'Act' or any statutory guidance issued under it, so reference should always be made to that before submitting applications.

Local Risk Assessments

The Gambling Commission (the Commission) introduced new provisions in its social responsibility code within the Licence Conditions and Codes of Practice (LCCP), which require gambling operators to assess the local risks to the licensing objectives posed by the provision of gambling facilities at each of their premises, and to have policies, procedures and control measures to mitigate those risks. This change in national policy is intended to provide a well evidenced and transparent approach to considering and implementing measures to address the risks associated with gambling.

Such risk assessments are required from new applicants, and from existing premises licensees seeking to vary a licence and are to be presented to the licensing authority upon application. The code requires all operators of; Casino's, AGC's, Bingo Premises, FEC's, Betting shops and remote betting intermediaries to assess local risks to the licensing objectives, and to have policies, procedures and control measures in place to mitigate those risks.

Operators are required by the SR code to make the risk assessment available to licensing authorities when an application is submitted either for new premises licence or variation of a premises licence, or otherwise on request, and this will form part of the council's inspection regime and may be requested when officers are investigating complaints.
