Recommendations from the Independent Remuneration Panel.

Consideration was given to the report and recommendations of the Independent Remuneration Panel in respect of the Members Allowance Scheme 2023-27.

Following changes to the Council's Car Parking Policy, prices of purchasing annual parking permits had risen from £240 to £450 (excluding West Bromwich) and £650 including West Bromwich. As there was no longer a £240 permit as specified in the Allowance Scheme, it was recommended that the reference should be removed and that alternative options available to members should be detailed instead.

Allowances in relation to Mobile Phones for Elected Members had also been considered by the Independent Remuneration Panel. After considering the Council's current arrangements, the Independent Remuneration Panel recommended that all mobile phones and associated costs could be included within the member allowance scheme and usage could be restricted to official council duties. Additionally, it was also recommended that the Council could look to purchase android phones via a separate contract provided which could then remain as property of Sandwell Council.

Resolved:-

- (1) that the recommendations of Independent Remuneration Panel in relation to the Member Allowance Scheme, be received:

- (2) that approval is given to remove reference to the £240 Annual Sandwell Parking Permit from within the Member Allowance Scheme and replace it with the following:

“5.5 Car Parking Permits

5.5.1 All Members are eligible to use the Members Car Park in Church Street adjacent to Oldbury Council House, subject to the purchase of a parking permit (excluding blue badge holders). The cost of this permit is £5.00 per month and is valid on any duration or duration, solely for use directly arising from your role as an elected member.

5.5.2 All members are eligible to purchase a range of parking permits for alternative parking locations across the borough. Permits are available with a range of differing payment methods and with varying durations including daily, weekly, monthly or annually. The costs for purchase of any permit are required to be met by the individual elected member and are available for purchase through MiPermit. Additional details on the range of available permits is published on the Council’s intranet and internet pages.”

- (3) that approval be given to the following in relation to member mobile phones as part of the Member Allowance Scheme:-

6. Mobile Telephones

- 6.1 The Council will provide all members with a mobile telephone for use in the discharge of their statutory and policy making functions.
- 6.2 Upon issue of a mobile telephone the user must comply with all legislation covering the safe and effective use of mobile telephones.

- 6.3 The tariff will include inclusive calls (some calls may be chargeable, for example, premium rate numbers), inclusive texts, inclusive data and 4G in the UK only and overseas use is not permitted without prior application and authorisation by exception.
- 6.3 Some services are not included in our inclusive tariff, these include, but are not limited to; picture messages (however, third party apps can be used to send pictures and videos etc.), premium rate numbers, international premium rate numbers, any in app charges (games, media etc.) or texts to make charitable donations.
- 6.4 Inclusive data is subject to a fair usage policy. Members are required to manage data use responsibly by always using Wi Fi when available.
- (4) that in connection with Resolution (2) and (3) above, the Assistant Director – Legal and Assurance is authorised to update the Council’s Constitution accordingly.
