### **3. Proposals – Reasons for the recommendations**

- 3.1 The Safer Neighbourhoods and Active Communities Scrutiny Board commenced the Scrutiny Review of the Communities in our Borough in the 2023/ 24 municipal year.
- 3.2 The Board established a working group to conduct the review which undertook substantial research and efforts to understand the matter and produce recommendations to the Executive.
- 3.3 At the meeting of the Safer neighbourhoods and Active Communities Scrutiny Board in January 2026 the Board agreed range of recommendations based on the research and findings of the working group. These recommendations are now presented to Cabinet for consideration.
- 3.4 There is a strong evidence base demonstrating that cohesive, well-connected communities experience better outcomes across health, safety, education, and economic participation. Following the 2024 riots, members identified a need to examine how Sandwell could strengthen cohesion, improve communication, and support residents to feel part of their local area.
- 3.5 The review sought to understand these issues through a combination of quantitative data, qualitative engagement, site visits, and comparative research.
- 3.6 Through the evidence gathered, members found that cohesion is strengthened when residents can communicate effectively with services, when trusted messengers help bridge gaps in engagement, and when local assets are visible, accessible and easy to navigate. Opportunities for communities to mix, celebrate and collaborate also play a vital role, as does ensuring that information is clear, consistent and available in multiple languages.

- 3.7 In addition to the recommendations (above), it has been agreed, that a review of the efficiency and effectiveness of the commissioned translation and interpretation service is submitted as a suggestion for scrutiny topics in the 2026/ 27 municipal year.

#### **4. Alternative Options Considered**

- 4.1 There are no alternative options. The Cabinet may approve all, some, or none of the recommendations.

#### **6. Financial Implications**

- 6.1 There are no specific financial implications arising from this report. Any implications as a result of the recommendations will be considered by the Executive, should they be approved.

#### **7. Legal and Governance Implications**

- 7.1 Scrutiny Procedure Rules require the Board to prepare a report following a review and submit it to the Executive.

## 12. How does this deliver the objectives of the Strategic Themes?

This report will support the delivery of the following Strategic Themes:-

- Living in Sandwell
  - Thriving Economy in Sandwell
- 12.1 The review directly supports the Council Plan by strengthening community cohesion, improving access to information, and ensuring all residents can participate fully in Sandwell's communities. By addressing language barriers, improving translation and interpretation, and creating clearer pathways into English for Speakers of Other Languages (ESOL), the recommendations help make Sandwell a more connected and accessible borough.
  - 12.2 Developing a Community Asset Map and promoting inclusive community events will contribute to strong, resilient communities by increasing visibility of local support, encouraging social mixing, and building trust between residents and services. These actions also support health and wellbeing by reducing isolation and improving access to community-based opportunities.
  - 12.3 Finally, improving English language skills and strengthening community networks contribute to a strong and inclusive economy, helping residents access training, employment and progression. Together, the recommendations reinforce the Council's ambition for a cohesive, confident and thriving Sandwell.
