For all of the tables above, the final column ("Slough total price to be introduced in Sept 22") shows the proposed price to be implemented in September 2022.

- Some prices won't see any increase over and above the annual increase introduced in April 2022 and implemented in June 2022 for example, Ice Coach monthly rate will remain at £550.00.
- Some prices will see an increase to the annual increase introduced in April 2022 and implemented in June 2022 for example, Gym session (Adult peak time) rose to £9.75 in June and will rise to £10.25 in September.
- Some prices will see a further increase to take the rise in utility costs into account for example, Adult peak Ice-Skating rate rose to £9.40 in June and there will be an energy surcharge added to increase the price to £10.00 in September.

Total proposed new prices are shaded red to show that these prices are more than 10% higher than the average cost across other local/nearest provision.
Total proposed new prices are shaded amber to show that these prices are less than 10% higher than the average cost across other local/nearest provision.
Total proposed new prices are shaded green to show that these prices are cheaper than the average cost across other local/nearest provision.
Total proposed new prices are left white to show that there are no comparison prices available.
