DATE: 12th July 2022

CHIEF OFFICER: Stuart Lines, Director of Public Health

CONTACT OFFICER: Author: Dr Vanita Dutta, Public Health Principal and Public Health Consultant cover, SBC

WARD(S): All

PART I

FOR INFORMATION

UPDATE ON JSNA PROGRESS

1. **Purpose of Report**

This report presents to the Slough Wellbeing Board an update on East Berkshire JSNA, progress to date, future direction of the JSNA and revised timescales.

2. **Recommendation(s)/Proposed Action**

That the Slough Wellbeing Board:

- Note the official launch of JSNA website
- Note the progress of JSNA programme to date and consider next steps

3. **The Slough Joint Wellbeing Strategy, the JSNA and the Five Year Plan**

The [Slough Joint Wellbeing Strategy](#) (SJWS) details the priorities agreed for Slough with partner organisations. The SJWS has been developed using a comprehensive evidence base that includes the Joint Strategic Needs Assessment (JSNA) 2016-2020.

3a. **Slough Wellbeing Strategy Priorities** – (Compulsory Section)

Local authorities and local NHS have had a statutory duty to produce a Joint Strategic Needs Assessment (JSNA) since 2007. In 2012 responsibility for JSNA was placed with the local Health and Wellbeing Board.

Development of the JSNA across East Berkshire will support and inform the Slough Joint Wellbeing Strategy (SJWS) priorities. This will ensure that any work set out locally will be informed by the JSNA evidence base (qualitative or quantitative data).

The SJWS priorities are:

1. Starting Well
2. Integration (relating to Health & Social Care)
3. Strong, healthy and attractive neighbourhoods
4. Workplace health

3b. **Five Year Plan Outcomes** (Compulsory Section)

Explain which of the Five Year Plan's outcomes the proposal or action will help to deliver. The outcomes are:

- *Outcome 1: Slough children will grow up to be happy, healthy and successful*
- *Outcome 2: Our people will be healthier and manage their own care needs*
- *Outcome 3: Slough will be an attractive place where people choose to live, work and stay*
- *Outcome 4: Our residents will live in good quality homes*
- *Outcome 5: Slough will attract, retain and grow businesses and investment to provide opportunities for our residents*

The JSNA process will provide continued evaluation, assessment, and evidence of how our priorities are being supported to deliver positive outcomes for Slough residents.

4. **Other Implications**

(a) Financial

There are no financial implications of proposed action.

(b) Risk Management (Compulsory section to be included in **all** reports)

There are no risks as this report is for information only.

(c) Human Rights Act and Other Legal Implications

There are no human Rights Act implications.

Equalities Impact Assessment

N/A

An EIA isn't necessary, but the results of the JSNA will help ensure that services and local provision are inclusive of race, gender and disability etc, and will take into consideration the possible impact for age, religion and sexual orientation, as well as mitigating against any adverse impact.

(d) Workforce

Currently the development of the East Berkshire JSNA is being led by JSNA steering group which has both East Berkshire Hub and local representation.

Delay in establishment and recruitment to the new Slough Public Health team structure and impact of section 114, may delay some of the locally driven JSNA work.

5. **Supporting Information**

5.1 Presentation attached

6. **Comments of Other Committees**

None

7. **Conclusion**

The Slough Wellbeing Board is asked to note the official launch of the JSNA website <https://www.berkshirepublichealth.co.uk/jsna/> which was a key deliverable for the JSNA Steering Group.

This includes a suite of resources to identify and evidence local health and wellbeing priorities that would guide decision making. The JSNA website provides a platform, or bookshelf, to share knowledge and resources. It will continue to develop and evolve, as more information becomes available.

JSNA communication plan is being implemented to ensure the wider utilization of the asset to inform commissioning and evidence-based intervention for our communities.

An online demo session (webinar) with Q&A opportunity has been organised for 7th September at 11am. The members are invited to attend the webinar.

8. **Appendices Attached**

None

9. **Background Papers** *(This is compulsory)*

None
