Dear Sir or Madam,

**LICENSING ACT 2003
REGULATORY REFORM (FIRE SAFETY) ORDER 2005
GRANVILLE STORE, GRANVILLE AVENUE, SLOUGH, SL2 1JS.**

The Fire Authority has considered your application dated 15 January 2024 and does not propose to make a representation. This should not be interpreted as meaning that the fire precautions in the premises are satisfactory. The primary piece of legislation for achieving satisfactory standards of fire safety in licensed premises is the Regulatory Reform (Fire Safety) Order 2005. This legislation requires the Responsible Person to undertake **a suitable and sufficient fire risk assessment** to identify the general fire precautions which need to be taken to protect relevant persons.

The Department for Levelling Up, Housing & Communities (DLUHC) has developed a set of guides which explain what you must do in order to comply with fire safety law, help you carry out a fire risk assessment and identify the general fire precautions which you should have in place. The guides are available via the following link: [Gov.uk fire safety law and guidance documents for business](#)

Failure to comply with the Order, irrespective of any requirements which may be imposed by the Licensing Authority in connection with your application, may result in enforcement action being taken by this Authority under the Regulatory Reform (Fire Safety) Order 2005. Your premises will be included in our risk based inspection programme and audited for compliance in due course.

Chief Fire Officer – Wayne Bowcock
