Hi Licensing

I can confirm that there are no objections from Food & Safety.

There is already an account on Arcus for this business as Mr Wael registered with us some time ago. Your licence application isn't there as a process at the moment unless you have linked to a different account.

We will visit once Mr Wael is up and running and let you know if there are any issues with the food hygiene. Please remind him of the minimum rating he will need as part of his conditions.

Regards

PM
