<p>Priority 2</p> <p>Identify and recognise carers at an early stage.</p>	<p>Maintain the list of carers</p>	<p>We will:</p> <p>Identify the carers such as through referrals from healthcare providers or community organisations, self-identification through surveys or questionnaires, or through outreach efforts.</p> <p>Collect information: Once carers have been identified, it's important to collect information about them. This aligns with plans to bring the Carers Service in house so that it is embedded within the wider Adult Social Care Operational Team.</p>	<p>Data / information</p> <p>Ongoing – progress will be reported by 31st March 2024.</p>	<p><u>Year One update</u></p> <p>All carers' assessments include equalities information and ethnicity.</p> <p>Plans put in place to use SBC interpreter and translation service to help carers access support at events and provision of translated and culturally sensitive materials.</p> <p>Holding advice and information workshops in local trusted places like a mosque or gurdwara.</p> <p>Unpaid male carers group established in Slough in conjunction with Hope College.</p> <p>Carers provided training to health and social care students at East Berkshire College on their caring journeys.</p> <p><u>Year Two update:</u></p> <p>Demographic information is now reported when Carers register. 				<p>Whilst some mapping of key places of worship has taken place, the information workshops have not progressed.</p> <p>Work to include interpretation services at events has not progresses.</p> <p><u>Year Three Planned Activity</u></p> <p>Full transition to LAS recording will have taken place by December 2025. Full reporting on equalities and other data will commence in January 2026. Plans for strengthening early identification of carers from Slough's diverse communities will be put in place.</p> <p>Work with the Libraries to support digital inclusion for Carers is scheduled to commence on January 26</p> <p>The new digital platforms Carers UK and Ask Sara both have advanced accessibility functions including languages, spoken word, Plain English and screen contrast and large print. The Ask Sara accessibility function is already in place and the Carers UK improved functionality goes live in Jan 26</p> <p>Engagement to be undertaken with</p> <ul style="list-style-type: none"> • places of worship and • Engagement with community groups supporting under- represented Carers <p>From Jan 26.</p> <p>Findings from the engagement will support a translation and interpretation needs assessment to identify required resources to undertake the wider reach into hidden carers</p>
	Understand more around safeguarding issues – Independent Domestic Violence Advocates for OP	We will ensure that IDVAs are aware of safeguarding issues to ensure the safety and well-being of the victim and any children involved.	Feedback from carers and carers leads locally and communication with Slough Safeguarding Partnership to achieve these actions.	<p><u>Year One update</u></p> <p>Safeguarding matters reported by the Carers Support & Development Officer through to the Duty Social Work Team.</p> <p><u>Year Two update</u></p> <p>The Carers Support and Development officers is aware of the mechanism for reporting Safeguarding concerns.</p>

		IDVAs need to receive regular training on safeguarding issues and have access to appropriate resources and support. We will promote working closely with other professionals, to ensure a coordinated approach to safeguarding.	Improvements to be made as suggested by 31st July 2024.	<p>We are currently working with the Safeguarding Lead to understand the current approach and guidance on Safeguarding in relation to Carers in order to review our approach.</p> <p><u>Year Three – Planned Activity</u> Continue to work with the Safeguarding Lead to co-produce guidance that can be promoted by the Safeguarding Partnership, as well as sensitive awareness raising with carers to ensure they take necessary breaks and respite. By July 26</p> <p>SBC have commissioned a new Domestic Violence service - Cranstoun – with whom links are to be made to understand how the Carers Support & Development officer can link immediately with IDVAs if aware of any safety/safeguarding issues to ensure the safety and wellbeing of the victim and any children. By December 25</p>
	Facilitate training / briefing sessions for Adult Social Care Staff and other Professionals on the role of carers, including carers who do not self-identify as such.	Adult Social Care Staff to work with Carers to develop carer-led training / briefings to raise awareness of carers and their responsibilities and to address some of the issues and negative experiences of carers identified through the Strategy engagement,	Carer feedback, staff feedback. Between 2 and 4 Training and Briefing Sessions facilitated by December 23.	<p><u>Year One update:</u> Not progressed</p> <p><u>Year Two Update</u> The World Social Work Day on Intergenerational Working included a talk from a current Carer. This was very well received and raised the confidence of the Carer. This has not yet progressed to the Carers Steering Group to develop an approach</p> <p><u>Year Three</u> Develop and implement carer led training by November 26</p>

Provide person-centred support – to enable carers to manage their own health and wellbeing and access to the right support at the right time	carers assessments	<p>Make the process simple</p> <p>Provide different options: Some carers may prefer to complete their assessment online or over the phone, while others may prefer a face-to-face assessment.</p> <p>Prioritise high-risk groups: Some carers may be at higher risk of experiencing stress, mental health issues, or burnout as a result of their caring role</p> <p>Provide regular reminders: Carers' circumstances may change over time, which can impact their eligibility for support.</p> <p>Improving the timeliness of carer assessments and what those outcomes are.</p>	<p>there had been an increase up to a minimum of new carers assessments per year bringing the total to 200 this year (from 130). To be reviewed on 31st July 2024.</p>	<p>From March to September 24, 73 new carer assessments were carried out resulting in Direct Payments.</p> <p>Assessments can be carried out on the phone or in person or online. More information is currently being produced regarding renewal reminders for carers assessments. Carers assessments are currently prioritised according to carers circumstances</p> <p><u>Year two update:</u></p> <p>From September 24 Aug 25, a total of 316 carer assessments were carried and 355 DPs were started. This includes DPs from reviews of carers already known to ASC. resulting in 311 Direct Payments</p> <div><p>Assessment started between Sept 24 and Aug 25</p><table><tr><th>Month</th><th>Assessments Started</th></tr><tr><td>Sep-24</td><td>23</td></tr><tr><td>Oct-24</td><td>35</td></tr><tr><td>Nov-24</td><td>32</td></tr><tr><td>Dec-24</td><td>15</td></tr><tr><td>Jan-25</td><td>20</td></tr><tr><td>Feb-25</td><td>26</td></tr><tr><td>Mar-25</td><td>16</td></tr><tr><td>Apr-25</td><td>38</td></tr><tr><td>May-25</td><td>28</td></tr><tr><td>Jun-25</td><td>27</td></tr><tr><td>Jul-25</td><td>32</td></tr><tr><td>Aug-25</td><td>24</td></tr></table></div> <p>Carers assessments over the period are showing an upward trajectory.</p> <p>There is an existing process in place for fast-tracking carers in crisis to social care support.</p> <p>A pilot is currently underway of the use of Magic Notes within Carers assessments enabling the assessment to be populated automatically whilst speaking directly with a Carer and with their consent</p>	Month	Assessments Started	Sep-24	23	Oct-24	35	Nov-24	32	Dec-24	15	Jan-25	20	Feb-25	26	Mar-25	16	Apr-25	38	May-25	28	Jun-25	27	Jul-25	32	Aug-25	24

				<p><u>Year Three – Planned Activity</u></p> <p>Continue to promote the fast-track system to carers and customers services. Include complexity as an additional flag alongside the review flag to ensure that those Carers at greater risk of distress or breakdown are prioritised.</p> <p>Liaise with Liquid Logic to seek to obtain an Easy Read or Plain English template than can be used for self -assessment.</p> <p>. The findings of the Magic Notes pilot will determine the next steps with a focus on timeliness of assessments.</p>
	Embed community connectors into Hospital Social Work Teams	We will ensure there is collaboration and communication between Hospital Social Work Teams and community connectors.	<p>Feedback from carers and carers leads locally. Hospital Social Work Plans to demonstrate packages of support were fulfilled using the Community Connectors. An audit of this progress to be undertaken by 31st March 2024</p> <p><u>Year 2 update:</u> Further work is required with ICB colleagues to understand how hospital staff are supported to identify carers. By August 2026</p>	<p><u>Year One update</u></p> <p>The dedicated Community Connector at Wexham Park Hospital (WPH) supports people on discharge linking in with both clinical and social work staff based at the hospital.</p> <p>21 Referrals were made from September 23 to July24,</p> <p><u>Year Two update:</u> Hospital-based Community Connectors received only 2 carers referrals from the hospital in the period July 24 to June 25, all of whom were referred to the Carers Support service.</p> <p>. As the social work team now only represent 3% of all referrals, this may indicate that Carers either do not flag their support needs to clinical staff, and/ or that health staff are missing opportunities to check with relatives about their caring role – whether or not they identify as a carer.</p> <p>More work is needed to test this assumption.</p> <p><u>Year Three-planned activity</u> Continue to work with WPH to identify and support carers through referral into Community Connectors and/or the Carers Support Service</p>

	<p>accessing Direct Payments</p>	<p>Raise awareness: Many carers may not be aware of the existence of Direct Payments or may not know how to access them.</p> <p>Simplify the process: The process of accessing Direct Payments can be complex, which may deter some carers from applying.</p> <p>Offer training and support: Some carers may lack confidence or feel overwhelmed by the responsibility of managing Direct Payments.</p> <p>Ensure there is advocacy available for people who need support.</p>	<p>Raise the awareness and increase the numbers of carers accessing Direct Payments by 10% by 31st July 2024</p> <p>Promote consistent approach to Carers Assessments across teams</p>	<p>SBC have processed 73 new carer Direct Payments (DP) between March and October 2024.</p> <p><u>Year Two update:</u></p> <p>355 Direct Payments were made to carers over the period September 24 to August 24, compared to 315 over the previous 12 months, an increase of 40 or 12.7%</p> <div><p>DPs started between Sept 24 and Aug 25</p><table><tr><th>Month</th><th>DPs Started</th></tr><tr><td>Sep-24</td><td>25</td></tr><tr><td>Oct-24</td><td>50</td></tr><tr><td>Nov-24</td><td>38</td></tr><tr><td>Dec-24</td><td>18</td></tr><tr><td>Jan-25</td><td>38</td></tr><tr><td>Feb-25</td><td>35</td></tr><tr><td>Mar-25</td><td>20</td></tr><tr><td>Apr-25</td><td>28</td></tr><tr><td>May-25</td><td>28</td></tr><tr><td>Jun-25</td><td>32</td></tr><tr><td>Jul-25</td><td>28</td></tr><tr><td>Aug-25</td><td>10</td></tr></table></div> <p>DPs are showing a decrease in trajectory over the period. Actions to remedy this are included in the CQC Carers development plan at the end of this action plan.</p> <p>Locality teams operate differing approaches to assessments resulting in big variations in throughput. A consistent approach will address the gap and speed up the process. By Jan 26</p> <p>Reviews are flagged 12 months after a Direct Payment is entered on the case management system. If the support offer is only advice and information only, the case has in the past been closed.
