## Situation

1. The Corporate Plan sets out the vision for the next four years and the priority areas of work to deliver that vision. As is customary, the Corporate Plan underwent a comprehensive rewrite following the last election to ensure it reflected the priorities of the new administration. Each following year of the plan it undergoes a refresh to include one-year measurable objectives that contribute towards the overall aspirations of the plan.
2. The Corporate Plan 2023-27 adopts a template that is not dissimilar to that used by many other local authorities. It provides continuation from the previous Plan by identifying four key priority areas, although these do not necessarily have the same names as in the previous Plan. The Plan is consciously more streamlined than the previous Plan, focusing tightly on key priorities and setting out measurable delivery targets.
3. The four priority areas are:
  - Protecting & Enhancing Our Environment
  - Encouraging Economic Growth
  - Building Strong Communities
  - Putting Residents First
4. The priorities reflected in the Corporate Plan demonstrate a considerable degree of continuity with the previous Corporate Plan, though the current plan reflects up to date circumstances, national context, and progress made by the authority over the life of the previous plan.
5. This report provides members with an update on progress in each priority area. These updates are also rated (red, amber, green) to demonstrate if the council is on target to deliver the actions contained in each priority. No priorities are rated red. There are two amber priorities, both of which are so because of the direct impact of Local Government Reorganisation. And the necessity to prioritise.
6. Following a request from the Scrutiny Committee, explicit mention of the district's built heritage is now included in the Corporate Plan, under the priority "Plan for future housing needs in a sustainable way".
7. At the request of Internal Audit, the Corporate Plan now references risk identification and mitigation in the "Delivery" section on page 5.

8. Progress against the priorities in this plan is periodically reported to Scrutiny Committee. These updates, of which this is the first, are timetabled in the Scrutiny Work Programme. Many of the priorities are being met through the successful completion of actions in other plans and strategies which are subject to their own governance and reporting arrangements at officer and member level, including:

- The Local Plan
- The Economic Development Plan
- The Climate Crisis Strategy and Action Plan
