MM3	CP2a	N/A	50	<p>Add new text and Core Policy following Paragraph 4.23 and Core Policy 2 as follows:</p> <p><b>Local Plan Review</b></p> <p>4.24 Whilst it is expected that an appropriate five-year land supply position, in accordance with national policy and guidance, will be demonstrated at, or soon after, the adoption of the Local Plan, a Local Plan Review policy is included in case this is not demonstrated at six months after Plan adoption.</p> <p>4.25 This was identified as a requirement by the Inspectors presiding over the Uttlesford Local Plan 2021 – 2041 Examination process, which was considering housing land supply using data correct at that point in time (April 2025). As there was some uncertainty over the precise figures being projected for April 2026, or later, the Local Plan Review Policy (<b>Core Policy 2a</b>) has been added as a precautionary measure.</p> <p>4.26 In the event that an appropriate five-year land supply position is not demonstrated six months after Plan adoption, a requirement for an early plan review would be triggered.</p> <p>4.27 It should be made clear that the five-year land supply position for the purposes of <b>Core Policy 2a</b> will be monitored against the housing requirement identified in this Local Plan, shown by <b>Core Policy 2</b> of 13,500 homes for April 2021 to March 2041.</p> <p>4.28 In the event a Local Plan Review is necessary, any decision making for Development Management purposes would be guided by relevant national policy and guidance at the time.</p>

				<p><b>Core Policy 2a: Local Plan Review</b></p> <p>In the event that Uttlesford is unable to demonstrate a five-year supply of housing in accordance with appropriate national policy and guidance six months from adoption of the Local Plan, a Local Plan Review would become necessary.</p> <p>The five-year land supply position, to inform if a Local Plan Review is necessary, will be monitored against the housing requirement identified in <b>Core Policy 2</b> of 13,500 homes for April 2021 to March 2041..</p> <p>In such circumstances, the impact on decision making for Development Management purposes would be guided by appropriate national policy and guidance at the time.</p>

MM14	CP18	Paragraph 7.27	118	<p>Delete Paragraph 7.27 in full as follows:</p> <p><del>Land is also safeguarded to facilitate expansion of the existing Forest Hall Secondary School (Appendix 7) in accordance with Core Policy 18. It is anticipated that expansion will be required within the Plan period to support growth in the Stansted Mountfitchet and Elsenham Area. Development proposals will be expected to contribute to secondary provision, along with other education contributions with future provision to be implemented in partnership with Essex County Council in their role as Local Education Authority. As the area in question is located within the Metropolitan Green Belt, it is assumed that any school expansion will comprise Green Belt compatible development. Should further and more detailed feasibility work identify that a Green Belt boundary change is required, this will be considered through a future Local Plan Review.</del></p> <p>Delete in full Core Policy 18: Safeguarding of Land for Strategic Infrastructure Schemes in the Stansted Mountfitchet and Elsenham Area as follows:</p> <p><del>Land is safeguarded to support the delivery of the following strategic infrastructure schemes:</del></p> <p style="padding-left: 40px;"><del>i. 4ha expansion of the existing Forest Hall Secondary School at Stansted Mountfitchet.</del></p> <p><del>Any proposals for development that may reasonably be considered to have the potential to impact the delivery of the identified strategic infrastructure scheme (as shown on Appendix 7 and 8 and the Policies Map)* should demonstrate the proposals would not harm their delivery.</del></p> <p><del>Planning permission will not be granted for development that would prejudice the construction or effective operation of the proposed infrastructure schemes listed.</del></p> <p><del>*the area shown on the Policies Map and Appendix 7/8 illustrates where the policy will apply. It does not seek to show a precise alignment for the school expansion which will need to be informed by detailed design work, carried out in consultation with Essex County Council and other relevant parties.</del></p>
MM15	N/A	Paragraphs 8.8, 8.9 and 8.12	122	<p>Amend Paragraph 8.8 as follows:</p> <p>There are no allocations, either strategic or non-strategic, made at Thaxted within the Local Plan. This is principally because the scale of growth needed to deliver a viable primary school would be in excess of what the Council consider would be appropriate within this Plan period, especially considering some of the <b>wider</b> constraints to development that affect Thaxted, including its landscape setting, historic environment and falling within noise restrictions relating to Stansted Airport flight paths. At present, a smaller scale of growth without the delivery of a primary school is also not practical given the existing Thaxted Primary School is at capacity with no potential for expansion.</p> <p>Amend Paragraph 8.9 as follows:</p> <p>In the future the Council would support the community to explore if <del>smaller</del> <b>any non-strategic</b> scale <b>of</b> development could come forward without negatively impacting upon infrastructure provision, such as through a new Neighbourhood Plan.</p> <p>Amend Paragraph 8.12 as follows:</p> <p>An exception to this is the Local Rural Centre at Thaxted where <del>heritage and</del> infrastructure-<b>related</b> constraints do not support additional development <b>at the current time</b>.</p>
MM16	CP19	N/A	128	<p>Add two additional paragraphs to end of Policy as follows:</p> <p><b><u>The housing requirement figures become applicable from the date of adoption. Where a neighbourhood plan has been ‘made’ in the context of an historic housing requirement figures, the housing requirement figure will be superseded by this policy. However, any allocations made to deliver any historic housing requirement figure will remain extant.</u></b></p> <p><b><u>Any site development proposals are subject to Minerals (Essex Minerals Local Plan Policy S8) and Waste Essex and Southend-on-Sea Waste Local Plan Policy S2) safeguarding policy.</u></b></p> <p>Amend Core Policy 19 as follows:</p> <p>In accordance with the Spatial Strategy in Core Policy 2: Meeting our Housing Needs, the <del>600</del><b>547</b> dwelling residential non-strategic (sites under 100 dwellings) housing requirements for the Rural Area will be distributed across the Larger Villages and other settlements within designated neighbourhood areas in accordance with Table 8.2 shown overleaf.</p>
